No Classes on 13<sup>th</sup>-17<sup>th</sup> May.

Classes will resume on 18<sup>th</sup> May

(Tuesday)

\*Eid Al Fitr -Subject to change as per Ministry announcement

### LITERACY

The children have been working hard on their phonics and enjoy identifying the beginning sound of new words as they are being introduced. This month the children will continue to work through their phonics and practice blending some phonics to make 2 or 3 letter words and of course, we will be practicing writing their names.

First, I would like to start by saying a big thank you to our parents for attending the parent teacher meetings either in person or via zoom. It was wonderful to speak to each one of you about your child's progress and hearing all the lovely feedback.

### UNIT OF INQUIRY

The children had an amazing month learning about the solar system. They worked very hard together on their planets and made them out of paper mache. Once the planets had dried they looked at pictures and worked together to choose what colours to paint them.

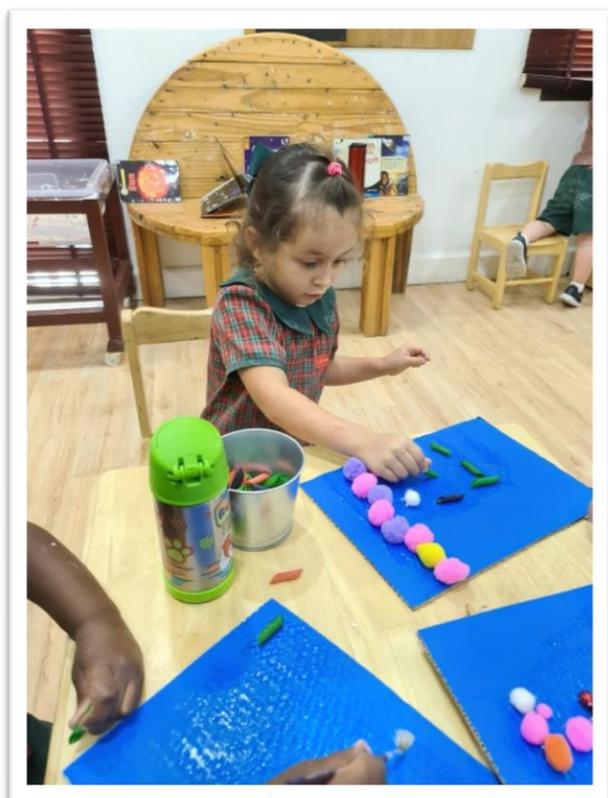

For Earth Day, the children made the planet Earth (and told me which continents they wanted on it), together they decided not to put plastic in the ocean as the ocean needs to stay clean.

Over the next month, we will be touching on volcanos and learning about dinosaurs and animals.

## MATHS

The children have worked hard on being able to identify their numbers 1-20 but still sometimes need a little bit of help so we will continue to focus on the numbers 15-20. They can all confidently count backwards 5-1 and we will continue to work on 10-1.

## ARABIC

We started the third term with preparations for the blessed month of Ramadan. We got to know the culture of Ramadan, we made Ramadan decorations, and we enjoyed singing Ramadan songs and making Ramadan lanterns. Next month, we will learn the alphabet ص ض ط ظ and the words that start with each letter. Also, Eid is coming at the end of Ramadan. We will learn about Eid al-Fitr and make Eid greeting cards. We have celebrated Gergaon which marks the midway point of Ramadan and the children enjoyed exchanging sweets and gifts in traditional style dress.

## NEW FRIEND

Creators class welcomed a new friend this month, Marco!

## REMINDERS

### Weather:

As it is getting hotter each day, please remember to put sun cream on your child before coming to school. A hat is a must with the weather right now, and, unfortunately if they do not have a hat, they won't be able to play outside.

### Pick up time:

Again, due to the weather being too hot for the children to be outside, we will move down to the art room at 12:30pm for pick up.
